Max and others are meeting on the bus rapid transit and other transportation issues. The proposal is for rapid transit on Rockville Pike, Route 29 and Veirs Mill Road. There will probably be a dedicated lane for the buses. There are many questions still pending on this issue. Max is on the transportation committee of the MCCF.

Max and Frank met with the Parks Department to discuss the water levels in the Rippling Brook stream. The Parks Department wants to leave the water levels as they are, citing that the area is a wetland and should be left alone.
