BOARD OF DIRECTORS' MEETING MINUTES
March 27, 2018**

MCCF

Justin reported out on the last meeting. The topic was "The State of Montgomery County Environment". There was a lot of discussion and emotion. The update on air quality was not positive. MCCF rep felt the County didn't care about the environment, and County employees disagreed.

The County has outsourced the job of salting and plowing the roads, and we discussed whether that was actually working

Miscellaneous Issues

There will be a hearing on a zoning change for the proposed daycare center on Queensgard. They have to get a special exception to allow for a 200-person center.

The meeting was adjourned at 9:00 pm. The next meeting is scheduled for April 24, 2018.
